## Notes:

## Dates

- Red-shaded days are weekends or New South Wales public holidays. For 2018B, the public holidays will be Monday 1 October (Labour Day), Tuesday 25 December (Christmas Day), Wednesday 26 December (Boxing Day), Tuesday 1 January (New Year's Day), and Monday 28 January (Australia Day).
- Bright (B), grey (G) and dark (D) nights are colour coded with yellow, green, and blue respectively.

## Conditions/notes:

| | |
|---|---|
| F | Fully supported nights. A support astronomer will be provided for programs that were awarded time through OPTICON and NOAO, and programs that were allocated 2 nights of Director's time through the Japanese-Australia time swap arrangement. |
| H | Half night. Change halfway between 18-degree twilights. |
| T | Target of Opportunity override available for AAOmega and HERMES. ToO Override Policy applies. |
| R | Remote observing available. Observations can be conducted from either the AAT, or remotely from four remote observing sites in Australia. Remote observing is restricted to suitably experienced observers. Remote observing policy applies. |
